New Boston Fire Department
Constitution No. 2

ORGANIZED 1872

PREAMBLE:

"We, the undersigned having organized ourselves into an Engine Company feeling the responsibility of our position as firemen, hereby Resolve that we will endeavor to conduct ourselves in such a manner as to . . . while we shall ever seek to excell in our duties, will always act towards each other with a spirit of true friendship, union and harmony, endeavoring to strengthen the efficiency and perpetuate the peace of our organization."

The handtub, Constitution No. 2 was New Boston's main firefighting equipment for over fifty years. In 1925, a Reo truck was equipped with a mechanical pump and the handtub retired from active service.

The original engine house burned in the great fire, May 11, 1887. With a town appropriation of $1,200, and a gift of $300 from James Whipple, the present engine house was constructed in 1889. In 1949 it was remodeled extensively to accommodate three vehicles.

Our present equipment consists of three fire trucks, a pumper, radio tanker, and forest fire truck. Emergency equipment includes a resuscitator, two-way radio, stretchers and first aid equipment.

The Company is composed of twenty-five regular members, ten call men, and meetings are held the first Wednesday of each month. Annual meeting is held in January with election of officers. On the Honor Roll of the Department are the names of sixty-one firemen who actively served for twenty or more years.

In case of fire, dial 4-2626. Four families stand by on the red network to answer the call and spread the alarm.

JOHN C. COLBURN, *Clerk*

Forest Fire Report

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorabel weather conditions, an alert warden service and a cooperating public.

Yet, dispite all this, there still persists a disturbing note:

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — 2
Number of acres burned — ¾
Number of permits issued — 83

FORESTRY PROJECT REPORT

In accordance with an agreement with the Selectmen, and the Forestry Committee, of the Town of New Boston, the Piscataquog Chapter of F. F. A. herewith submits a report of accomplishment for the year 1959:

Weeding operations completed the three acre area on the west side of the road running through the woodlot. The six cords of hard wood realized from this operation, and the seven cords left on hand from last year, were sold for $18.00 per cord delivered.

250 Red Pine seedlings were planted as replacements for those killed by the hot dry weather of 1957 when they were set out. For this work, and the weeding, the Chapter received $37.60 from the Agricultural Conservation Program.

Under the supervision of Robert Breck, Hillsboro County Forester, the sample plot of one-sixteenth acre has been continued. In this area all trees have been numbered, measured, and recorded. Growth computations and evaluation of the treatment to be given to each tree, such as pruning it, weeding it out, or leaving it alone for the present, have added to the educational program. By using proper forestry practices in this area to improve the tree growth, it can be used as a measure of the potential production of the surrounding forest under such care and practice.

Weeding has been completed in the area adjacent to the entrance of the project, and when the brush has been removed it is planned to make a picnic area there for public use. Plans for weeding and releasing in an area of young pine growth are made for next year, with possibly a second sample check plot being established. The Chapter has signed again with the Agricultural Conservation Program for this work.

Approximately 20 hours of class time was spent in the woodlot which included instruction in the use of tools, discussion of practices, and planning for further operations. 60¼ free hours of labor in out-of-school time was used as each F. F. A. member is required to work five free hours each year, and $61.20 was paid out for labor and machine hire.

The F. F. A. members are grateful to the Townspeople for their interest and help in this project and cordially invite them to visit the area. The project is open for inspection at any time.

Finance Committee Report

The Finance Committee met with the School Board and the Selectmen and discussed the School and Town Budgets and Warrants with them.

In approving them without making any specific recommendations we find they have made every effort to keep as low as possible and still maintain their usual operations as in the past.

They are to be commended for the manner in which they are performing their duties.

Signatures to this report: The by-laws governing the Finance Committee prevents the representatives from the Board of Selectmen (Henry Friedrich) and the School Board (Mrs. Rheba Locke) from voting; therefore, only the names of the voting members are signed to this report.

Record of School Meetings

REGULAR SCHOOL DISTRICT MEETING

School District of New Boston, New Hampshire — March 20, 1959

The meeting was called to order at 7:30 P.M., and the School Warrant read by the Moderator, Roland Sallada.

A motion was made by James Dane, seconded by David Allan, that Articles 1, 2, 3, 4 and 7 be taken up. This carried by voice vote and the polls were opened for balloting.

A motion was made by James Dane, seconded by Rheba Locke, that the remaining articles be taken in the following order: Articles 6, 11, 9, 5, 8, 10 and 12. It was so voted in the affirmative.

6. A motion was made by Clarence Boulter to hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Milton Elliott gave a fine report of the Study Committee. They have made a thorough study of the school problems in New Boston, figuring on all the children who have been born and projecting them through school. Inasmuch as there were so many conflicting thoughts on the New Boston school problems, they felt it would be better to have the advice of an expert consultant.

11. It was moved by Rheba Locke, seconded by Milton Elliott, that the District authorize the School Board to hire an independent Educational Consultant at a cost not to exceed $1,275.00 for the purpose of advising the District about the best method of solving the future educational problems in the District, such advice to be in the form of a formal written report.

The Rev. Lewis moved, seconded by Raymond Barss, that Article 11 be indefinitely postponed. This did not carry.

Article 11 then was voted in the affirmative.

9. It was moved by Rheba Locke, seconded by Fred Waltz, that the School District raise and appropriate the sum of $2,100.00 as a deficiency appropriation, as recommended by the State Tax Commission in its report of August 2, 1956. It did not carry.

5. A motion was made by James Dane, seconded by Rheba Locke, that the salaries of the School Board and other officers of the District remain as of the current year, which amounts have been included in the budget of the School Board. The motion carried.

8. A motion was made by Rheba Locke, seconded by Howard Towne, that the school district raise and appropriate the sum of $109,-340.08 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application of such sums as are estimated to be received from the State equalization fund together with other income; the School Board to certify to the Selectmen the

balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Clarence Boulter moved an amendment, seconded by Howard Towne, that there be a discussion of each item under Article 8. The amendment carried.

Each item was discussed and then Jessie Harvell made the following amendment, seconded by Harold Symington, that the figure $109,340.08 be amended to read $102,325.50. The vote was by ballot: 76 Yes, 45 No.

After considerable discussion Article 8, with its amendments, was voted in the affirmative by a standing vote.

10. A motion was made by Robert Bezanson, seconded by Donald Byam, to authorize the school board, at its discretion, to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or the United States.

The Rev. Lewis made the amendment that "Provided this does not obligate the town" be added to the motion. The amendment did **not** carry.

The original article was voted in the affirmative.

12. Fred Waltz moved that Clarence Boulter, who is retiring from the School Board, be given a rising vote of thanks for his excellent work on the Board. It was unanimous.

Fred Cann moved to give the School Committee a rising vote of thanks for their fine work. It was unanimous.

Charles Gould made a motion, seconded by the Rev. Lewis, to recess the meeting until at the call of the Moderator. The motion carried.

The meeting recessed at 10:30 P.M.

1959 SPECIAL SCHOOL DISTRICT MEETING

School District of New Boston, New Hampshire — Oct. 20, 1959

WARRANT

To the Inhabitants of the School District of New Boston, in the County of Hillsboorugh, in said State, qualified to vote in School District Affairs:

You are hereby notified to meet at the New Boston Town Hall on Tuesday, the twentieth day of October at eight o'clock in the evening to act on the following subjects:

1. To see if the New Boston School District will vote to petition the State Board of Education to become a part of a cooperative school district, grades seven through twelve, comprising the present school districts of New Boston, Goffstown and Weare, or any two or more of said districts.

2. If the preceding article is adopted, to see if the district will elect two representatives, to be elected at this special school meeting, to serve on an Interim Committee who shall prepare a financial budget for the operation of the proposed cooperative school district, and to include in the organization warrant an article calling for an appropriation for the first year and such other items of business as need to be acted upon at the organization meeting.

Given under our hands this third day of October 1959.

JAMES H. DANE,
PHILIP HARVELL,
School Board

RECORD OF SPECIAL SCHOOL DISTRICT MEETING

New Boston School District, State of N. H. — October 20, 1959

The meeting was called to order at 7:50 P.M. by the Moderator, Roland Sallada, as a continuation of the meeting March 20, 1959.

A motion was made by Mrs. Rheba Locke, seconded by Mr. James Dane, that the New Boston School District Meeting of March 20, 1959 be adjourned. This was so voted in the affirmative.

At 8:00 P.M., Moderator Roland Sallada again called the meeting to order and the warrant for this special meeting was read by him.

Article 1. Resolved that New Boston School District petition the State Board of Education to become a member of a cooperative school district which may include, in addition to this district the following school districts, namely Goffstown and Weare.

This motion was made by Mrs. Rheba Locke and seconded by Mr. Fred Moss. The voting was by ballot. 144 voted, 123 Yes and 21 No, making it a vote in the affirmative.

Article 2. For two representatives: A motion was made by Mrs. Polly Harvell, seconded by Mr. Fred Moss for Mrs. Rheba Locke and a motion made by Mrs. Natalie Allan, seconded by Mrs. Mary Louise Gould for Mr. Milton Elliott.

Mr. Fred Moss made a motion, seconded by Mr. James Dane, that all nominations cease. It was so voted.

It was moved by Mr. Fred Moss that the Moderator cast one ballot for Mrs. Rheba Locke and Mr. Milton Elliott for representatives as per Article 2. The Moderator preferred a voice vote so the motion for one ballot was withdrawn. The Moderator called for a voice vote and it was a unanimous vote in the affirmative for both candidates.

The meeting adjourned at 10.05 P.M.

FRED M. HODGE,
School District Clerk

SCHOOL WARRANT 1960

To the Inhabitants of the School District in the Town of New Boston qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 26th day of March, 1960, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To chose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To chose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the School Board at its discretion to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States, providing it does not obligate the town.

10. To see if the New Boston School District will vote to pay the tuition of any of its high school pupils to any approved public high school as provided in RSA Ch. 194:27 and to pro-

vide transportation to only one designated approved high school as determined by the School Board and to further recommend that the School Board take measures to petition the Superior Court to discontinue New Boston High School as provided in RSA Ch. 194:31.

11. We, the undersigned, petition the School Board of New Boston to enter the following article in the School Warrant of 1960. To see if the School District will vote to follow the rules and regulations set by the New Hampshire Interscholastic Athletic Association in Extra-School Activities or act in relation thereto. (Inserted by petition).

12. To transact any other business that may legally come before said meeting.

Given under our hands at said New Boston this 12th day of February, 1960.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

September 11, 1959

The School Board
New Boston School District
New Boston, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the New Boston School District for the fiscal year ended June 30, 1959, which was made by this Division as requested. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1958 and June 30, 1959, are presented in Exhibit A. As indicated therein, the Net Debt decreased by $8,927.94 during the fiscal year ended June 30, 1959.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1959, are presented in Exhibits C. and D. As indicated by the Budget Summary (Exhibit D), a net unexpended balance of appropriations of $2,403.63, less a revenue deficit of $765.52, resulted in a net budget surplus of $1,638.11.

Summary of Receipts and Expenditures: (Exhibit E-1)

A summary of receipts and expenditures for the fiscal year ended June 30, 1959, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1959, is included in Exhibit E-2.

Statement of Long Term Indebtedness: (Exhibit G)

A statement of the outstanding long term indebtedness of the School District as of June 30, 1959, showing annual debt service requirements, is contained in Exhibit G.

Statement of School District Appropriation Account: (Exhibit F)

A statement of the School District appropriation account is included in Exhibit F. As indicated therein, as of June 30, 1959, the School District had received from the Town an advance on the 1959-60 school tax in the amount of $40.37, which is shown as a liability item in the Balance Sheet.

GENERAL COMMENTS

Current Deficit:

It is noted that the current deficit (excess of current liabilities over total assets) decreased from $6,171.67 to $2,243.73 during the fiscal year ended June 30, 1959, as shown by the following statement:

	June 30, 1958	June 30, 1959
Current Liabilities	$6,695.78	$4,115.49
Total Assets	524.11	1,871.76
Current Deficit	$6,171.67	$2,243.73

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the New Boston School District for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER
Director
Division of Municipal Accounting
State Tax Commission

Report of Superintendent of Schools

To the School Board and Citizens of New Boston:

Public education is considered by many to be the most important single function of government. We have schools because we have children who need education. The physical and mental health and development of our children is our basic need — for their sake and safety as well as the welfare of the country.

The success of a school is measured by the academic progress of the pupils and to the extent that it fulfills an underlying philosophy of the American public school system which emphasizes the development of the individual to the limit of his potential as an individual and as a future citizen in a democracy.

The advent of a new scientific age impressed upon our society and forced upon us by Russia, has increased the demands made upon education.

The greatest bulwark against communism is a well educated populace; the greatest investment for our children is a good, sound education.

Recent Achievements

This is the report of the second year of the schools with the present superintendent. Due to your appropriations and support we have been able to make progress in these areas this year:

The results of the work of the Helping Teacher are recognizable, not only in the correlation and improvement of teaching methods, but through standardized test scores demonstrating that our children compare favorably with the national grade norms in both grades and subjects. Curriculum evaluation is continuing and in certain subject areas, study guides to aid the teacher in making his presentation more effective and interesting, are currently being prepared. Teacher visitation within the Union has been introduced in order that some of the excellent teaching techniques of some of our master teachers may be disseminated on both the elementary and secondary levels. Seminars have been held, in which teachers instructing the same subjects have exchanged ideas and methods of better subject presentation.

The basic testing program started last year is gradually being enriched. We are fortunate to have available to us within the Union, the services of two trained experienced guidance counselors teaching at the Goffstown High School to assist our teachers in both this area and in Guidance.

Our buildings were inspected by a representative from the State Fire Marshal's office and many of the suggestions were completed during the past school year. Some larger and more extensive ones are incorporated in the new budget.

It may be of interest for citizens to know that your school district belongs to a Supervisory Union comprising about 1850 pupils, 83 teachers and 50 other employees; that the combined operating budget

of all five districts for the current year is slightly less than $800,000. Many supplies are now purchased upon a Union basis in order to achieve a substantial saving and others are advertised for competitive bidding. This past year in which this practice was carried on for the first time, resulted in a financial saving to the Union of a four figure number.

Volume purchasing is not the only benefit to be derived from a close knit Supervisory Union. This medium makes it possible for a local district to be able to supplement some of its educational tools of learning with loans of purchases from other districts. For instance, this year all districts within the Union plan on purchasing a number of film strips in either science or mathematics. By controlled ordering of titles, each district will be able to benefit from this purchase, not only the few titles it purchased but the ability to utilize other film strips from the other four towns upon a loan basis. Thus from one investment, a five fold benefit may accrue.

Financial limitations made it impossible for an adequate supply of books, general supplies and tools of learning, which allows a good teacher to be more effective, to be supplied to the schools this year.

Title III of the National Defense Act stipulates that local districst may be reimbursed 50% for approved expenditures of certain items to implement the teaching of science and mathematics in grades 1-12. The intent of the Act is to have the local district reinvest this money in more educational tools rather than to be used as tax relief. Some of these items are included in your proposed budget.

Next to pupils, the most important item in a school is a faculty composed of happy, contented and capable teachers. It takes time and effort to assemble such a staff. Many factors enter into this development; such as salary, moral, spirit, security, size of classes, etc. Salary can never be minimized, but neither may a price be set upon personal happiness and contentment.

If our schools are to be what we want them then we must see to it that they are staffed with the people who fit into the above delineated criteria. It is a distinct pleasure to report that the local staff is to be complimented.

Needs

Any good system never can become complacent; some improvement can always be made. Evaluation programs must be continuous.

To supplement what we are already doing and to make it more effective we would like to see more individual curriculum enrichment and acceleration, both for the gifted and the retarded pupil.

In this connection, the acquisition of a remedial reading and an art teacher on a Union basis would strengthen those areas of the curriculum. We should investigate fully the possibility of forming a special Union class in the very near future for the mentally retarded pupils.

The need for experienced and qualified teachers is always with us and can best be coped with by adequate salaries and good working conditions.

Our most pressing needs are for additional classroom space in grades seven and eight and a decision in regard to the future of the high school.

May I take the opportunity to thank the School Board and citizens of New Boston for their cooperation and I hope that we will merit your continued interest, cooperation and support in the future.

Respectfully submitted,

CHARLES H. MINNICH,
Superintendent of Schools

In Memoriam

MRS. RUTH COMSTOCK

Mrs. Ruth Comstock was a teacher in the schools of Supervisory Union No. 19 for over twenty years and had taught in other New Hampshire towns several years before that. Her last position was in New Boston, where she had taught grade three since 1954.

Mrs. Comstock was a graduate of Keene Teachers College, but continued her studies by taking numerous extension courses through the years.

As an able and devoted teacher, Mrs. Comstock was highly respected by her pupils and her colleagues.
